aye, those opposed say no. The amendments are adopted. Senator Clark, back to you.

SENATOR CLARK: I think he has another amendment up there now, and the only thing that this new amendment does is to add the additional people that have already taken examinations that are about 15 times harder than the examination that they would get here. These are qualified appraisers already. And that is all that it does. It allows those that are qualified, that are qualified by these particular people to also have the...

PRESIDENT: Is it the Chair's understanding that these are your amendments. This is your amendment.

SENATOR CLARK: This amends the committee amendment. It merely adds the additional people.

PRESIDENT: Thank you. You all heard the motion. All those in favor of the Clark motion say aye, Those opposed say no. So ordered. The amendment is adopted.

SENATOR CLARK: I would move that 612 be advanced to General File. To E & R. Pardon me, I'm in the wrong committee.

PRESIDENT: That's all right. Any further discussion of 612 now as amended. All those in favor of advancing the bill, please vote aye, all those please vote no. Have you all voted? Clerk will record.

CLERK: 28 ayes, Mr. President.

PRESIDENT: The bill is advanced. That brings up LB 674.

PRESIDENT: Senator Schmit.

SENATOR SCHMIT: Mr. President and members of the Legislature. I move the adoption of the committee amendments. The committee amendments provide that the company can determine if it is economically feasible to supply power to a customer, and because of the situation that exists today in construction and supplying of energy to customers the committee members felt that we should add this committee amendment.

PRESIDENT: Is there any further discussion of the committee amendment? The question is, shall the committee amendment be adopted? All those in favor please say aye, all those opposed say no. The committee amendments are adopted. Are there other committee amendments to the bill. All right, Senator Lewis back to you. Richard Lewis.

SENATOR RICHARD LEWIS: Mr. President and members of the Legislature. This ..the reasoning behind this is that the additional cost of providing the electrical energy to some of the more
